rather than looking back into brazil s authoritarian past the bolsonaro administration 2019 2022 provides an innovative case study through which to explore brazil s manifold and recurring expressions of authoritarianism this book investigates the ways that authoritarianism most recently emerged and how it was confronted and in doing so the varied ways and spaces in which struggles over the meaning and practice of democracy that took place during the period the faces of authoritarianism and strategies of dissent in contemporary brazil examines repression and dissent efforts to dismantle democratic foundations alongside forms of contestation and resistance to authoritarianism the chapters offer valuable theoretical and ethnographic insights from interdisciplinary perspectives into the complex realities that brazilians experienced in the four years of bolsonaro s presidency the book is organised around four sections each addressing a core area where democracy as meaning and practice was contested attacked and defended this is shown not only between bolsonaro s government and those

who resisted it from within and outside the state but also between state and non state actors and between public and private sectors allowing for a broad view of the country's polarised political landscape and the impact such struggles have had on civil society praise for the faces of authoritarianism and strategies of dissent in contemporary brazil an extraordinary analysis of how brazil's far right built cultural hegemony before seizing institutional power it unpacks both the circumstances and the structures behind this rise and crucially shows that the battle is far from over a vital lens on contemporary global politics gabriel feltran centre for european studies and comparative politics sciences paris bringing together diverse interdisciplinary perspectives this book offers a timely exploration of brazil's recent political experiences with authoritarianism and resistance making it essential reading for those concerned with democracy's future in brazil and beyond malu a c gatto ucl a timely contribution that explores not only the rise of right wing authoritarianism in brazil but different forms of resistance that have emerged from efforts to push back this is an important book that paints a sobering picture of how democracy is under threat in contemporary brazil dr jeff garmany university of melbourne

over the past years knowledge intensive industries have gained significant importance as economic factor giving rise to professional service firms psfs such as law firms accounting firms or consultancies following this development the research interest especially in the strategies pursued by psfs has grown substantially however past research focused mainly on strategies of established mature psfs leaving academics as well as potential entrepreneurs without guidance on what newly founded entrepreneurial psfs should pay attention to in order to ensure lasting competitive advantages based on an explorative grounded theory analysis of two outstanding commercial law firm spin offs in germany this work advances the research in this field in addition to a detailed case study report it offers a comprehensive theoretical

framework and argues that psfs have to employ a set of seven specific entrepreneurial strategies including for example servicedelivery people development and client acquisition strategies in order to successfully manage the entrepreneurial phase in providing examples for the growing psf industry the findings on commercial law firm spin offs also inform entrepreneurship research in other professions

this is the first book devoted to examining why some issues proposed by aggrieved individuals or groups are denied access to policy agendas the book contains case studies that look at the policy process from the perspective of the strategies opponents often use to ensure agenda denial strategies usually motivated by perceived threats to widely held world views and identities

security strategies of middle powers in the asia pacific examines what drives the different regional security strategies of four middle powers in the asia pacific australia indonesia south korea and malaysia drawing on the extant middle power literature the authors argue that the regional security strategies of middle powers could take two forms namely functional or normative a functional strategy means that the middle power targets its resources to address a specific problem that it has a high level of interest in while a normative strategy refers to a focus on promoting general behavioural standards and confidence building at the multilateral level this book argues that whether a middle power ultimately employs a more functional or normative regional security strategy depends on its resource availability and strategic environment

abstract die rückkehr von migranten in die türkei georgien und die russische federation stehen im mittelpunkt des vierten bandes der reihe beiträge zu migration und integration in diesem projekt wurden verschiedene gruppen von rückkehrern im hinblick auf die umstände und

motive ihrer Rückkehrentscheidung ihre Reintegrationsstrategien und ihre Weiterwanderungspläne befragt. Die Ergebnisse dieser Analysen können Impulse für die Weiterentwicklung der Rückkehr und der Reintegrationsförderung geben. Die Ergebnisse zeigen, dass eine Rückkehrorientierung im wesentlichen aufgrund der Befürchtung entsteht, in Deutschland nicht die gleichen Teilhabechancen zu haben, zur tatsächlichen Rückkehr entscheidet man sich allerdings nicht nur aufgrund von Unzufriedenheit. Einschätzung der eigenen Partizipationschancen im Herkunftsland spielt hierbei eine wesentliche Rolle. Zudem erleichtert die Unterstützung durch familiäre, freundschaftliche und andere relevante soziale Netzwerke den Rückkehrentschluss.

The images of the fall of the Berlin Wall in 1989 and of the silent revolution in Eastern Europe have become symbols of political transformation. Over the end of the 20th century, attempts were also made in other regions of the world to transform authoritarian regimes and planned economies into market-based democracies. Managing this change is one of the greatest political challenges of our time. The experiences since 1980, however, constitute a vast body of knowledge for leaders who will confront similar challenges in the future. This text presents criteria for the evaluation of the transformation processes toward democracy and a market economy, with comparative country surveys of Poland, Hungary, Slovenia, South Korea, Taiwan, and Uruguay. The authors also provide criteria for evaluating development processes such as overcoming structural underdevelopment, strengthening the rule of law, and creating a civil society, with related surveys of Bolivia, Mali, and Mauritius.

Throughout Theoharis raises serious questions about the extralegal nature of the FBI's activities and its troubling implications for the rule of

law in america which threaten both civil liberties and democracy itself drawing deeply upon primary sources including declassified documents his work should help all americans reevaluate the fbi and its proper role in our society book jacket

to read this book is to spend a day on a 40 foot shrimp boat in a southern texas bay then return home to an isolated port town whose economy revolves around shrimping and whose future is in jeopardy often reading like a good novel maril s political economy of the texas shrimp industry is written by someone who knows the inner workings of the industry and the communities that depend upon it a rich and highly engaging study of the industry contemporary sociology

the literature on rural america to the extent that it exists has largely been written by urban based scholars perpetuating out of date notions and stereotypes or by those who see little difference between rural and agricultural concerns as a result the real rural america remains much misunderstood neglected or ignored by scholars and policymakers alike in response emery castle offers the changing american countryside a volume that will forever change how we look at this important subject castle brings together the writings of eminent scholars from several disciplines and varying backgrounds to take a fresh and comprehensive look at the forgotten hinterlands these authors examine the role of non metropolitan people and places in the economic life of our nation and cover such diverse issues as poverty industry the environment education family social problems ethnicity race religion gender government public policy and regional diversity the authors are especially effective in demonstrating why rural america is so much more than just agriculture it is in fact highly diverse complex and interdependent with urban america and the international market place most major rural problems they contend simply cannot be effectively addressed in

isolation from their urban and international connections to do so is misguided and even hazardous when one fourth of our population and ninety seven per cent of our land area is rural together these writings not only provide a new and more realistic view of rural life and public policy but also suggest how the field of rural studies can greatly enrich our understanding of national life

the first biography of pat nixon in 25 years moves beyond the over simplified appraisals of this oft misunderstood first lady offers a far more complex interpretation than the standard plastic pat caricature and depicts a complicated conflicted but ultimately effective first lady who balanced public responsibilities and private pain

over the course of the last century scholars have furiously debated four questions concerning the founders and their act of creation were the framers motivated by their economic interests how democratic was the framers constitution should we interpret the founding using philosophical or strictly historical approaches what traditions of political thought were most important to the framers in understanding the founding the crucial questions alan gibson examines the preconceptions that scholars bring to these questions explores the deepest sources of scholars disagreements over them and suggests new and thoughtful lines of interpretation and inquiry building on his previous work interpreting the founding which offers a synoptic overview of the competing perspectives that have informed modern scholarship on the founders

fifty years after the korean conflict what is a forgotten war for some americans is an aching memory for china with over a million casualties out of the three million soldiers sent into battle that war looms as large for the people s republic of china prc barely a year old when north

korea invaded the south as world war ii does for most other countries it was the first international war fought by the chinese communist regime to halt counterrevolution it was also a war that the chinese fully expected to win by virtue of not only superiority of numbers but also their soldiers superior political quality this book presents a mosaic of memoirs by key chinese military commanders from that war drawing not only on their personal papers but also on still classified archives and on chinese language sources unavailable in english it offers an uncensored behind the scenes story of the communist campaign from the decision to intervene through the truce negotiations that discloses new information on such facets of the war as strategy and tactics use of propaganda and mobilization of the chinese population it also reveals the generals concerns about the possible use of nuclear force and the alleged use of biological and chemical weapons by the united states the book contains a wealth of new materials on the chinese intervention including combat operations logistics political control field command and communications among those whose recollections are recorded then acting chief of staff nie rongzhen reveals how party leadership decided on intervention commander in chief peng dehuai provides personal accounts of major battles and communications with mao and general yang dezhi shares secrets of chinese military strategy and tactics discussing how the army orchestrated each battle to contend with the better equipped un forces the volume also features an updated short history of the prc s conduct of the war based on chinese sources plus rare photos from chinese archives that put readers behind the lines from the chinese side mao s generals remember korea demonstrates that the prc continues to draw military diplomatic and strategic lessons from the war it fought fifty years ago with the world s most powerful military force it offers valuable insight into the chinese way of war and the military mind of mao that will be a rich resource for asian and military scholars

readers may be astonished at how much scholarly digging and the release of once secret information have transformed the history of this campaign at times it seems like a whole new war new york times book review

topless bars casino gambling needle exchange programs for drug addicts there s no question morality issues remain front and center in urban politics presenting a systematic analysis of culture war issues at the local level elaine sharp shows how american cities deal with these ongoing concerns drawing on a sample of ten strategically chosen cities she explains differences in how municipalities respond to controversies surrounding sex business abortion clinics legalized gambling gay rights and drug use by analyzing the relative importance of subculture economics and institutional arrangements in the disputes she points the way toward richer and more complete understanding of how different cities respond differently to these hot button issues far more than a statistical study morality politics in american cities is a collection of fascinating stories of real people grappling with down to earth issues and real life drama richly informative case studies that will captivate students and interested citizens alike mayors public health directors activists and others speak their minds about the pros and cons of these controversies here are officials in one city confronting the vatican over funding for abortion services those in another battling a local university over its refusal to provide health benefits to gay partners of faculty members and still others mounting a massive community sponsored attack on topless clubs these stories provide detailed evidence to support classifications needed for comparing cities experience with each of the five morality issues they also corroborate inferences drawn from the comparisons by showing what considerations were in play as local officials grappled with these issues overall the study shows that cultural factors usually dominate policymaking in local politics except when specific economic interests are at stake and also observes that county level governments are

more important than previously thought in terms of morality issue decisions as provocative as it is informative morality politics in american cities demonstrates that such issues same sex marriage for example are multidimensional and often difficult to resolve its conclusions however contingent mark an important step in the ongoing process of understanding important differences in approaches to these issues and clearly show how moral conflicts continue to define american politics
